		Address			
		Bank Account No. (Card No.)			

5G Coverage confirmation agreement

- We are currently providing 5G service in the 3.5 GHz frequency band. Coverage information can be found on our website (nqi.kt.com/KTCVRG/ollehIntro).
- The expansion of 5G service coverage is being rolled out gradually by region. Therefore, depending on the town/county and the radio wave environment, some border areas may be served by other telecommunications provider's' 5G/LTE networks (facilities, etc.).
- I have been fully informed by the seller about the areas where 5G service is available. There are locations where 5G service is unavailable, and even in serviceable areas, dead zones may occur (including inside buildings/underground/outer areas, etc.) depending on the communication conditions, in which case networks other than 5G like LTE may be provided.

username (Signature or Seal)

☞ **Please check the content below and place a 'v' check in the box**

☐ I have fully understood and agreed to the seller's explanation of subscribing to kt Mobile Service via USIM activation with my passport, and I have personally submitted my passport and standard labor contract for USIM activation.

☐ If I agree to the 12-month usage agreement, I will receive a 25% discount on the basic fee every month, and if I cancel it before the completion of the contract period, I have heard and agreed that the discounted amount will be charged as a penalty.

☐ I have been fully informed and agree that if I do not transfer the account based on my foreigner registration card within a maximum of 90 days of Passport USIM activation, the service will be terminated. (Notification text messages will be sent four times – 30, 60, 75, and 90 days after the issuance of the foreigner registration card)

☐ I agree to the terms for which consent is requested while using kt's services (the collection and use of unique identification information such as passport number and foreigner registration number, as well as the inquiry, use and provision of persona l credit information, and the collection and use of personal location information). (*For details, please refer to the back of the Terms and Conditions or the homepage kt.com.)

☞ I confirm that my username is .

Location Information Business Terms and Conditions' and Location-Based Service Terms of Use

The collection and use of personal location information for KT mobile services are subject to the terms and conditions set forth in KT's 'Location Information Business Terms and Conditions' and 'Location-Based Service Terms of Use', including the collection methods and scope of use described below. For the full Terms of Use, please visit www.kt.com.

KT Corp., 90 Buljeong-ro, Bundang-gu, Seongnam-si, Gyeonggi-do, Republic of Korea. Toll-free number: 100.

Rights of the Individual Location Information Subject and Methods for Exercising Them:
Customers can withhold or withdraw their consent for the use of their personal location information and can request a temporary suspension of its collection, use, and provision. If a customer submits a written request with proof of identity, the company will provide the following information:
①Documentation confirming the collection, use, and provision of their personal location information.
②The reason and details for providing the customer's personal location information to a third party as required by law or regulations.
If a customer withdraws consent, the collected personal location information and the related documents used for confirming collection, use, and provision will be destroyed.

Service Details:
(Location Information Business) Providing location information of oneself and others. (Location-Based Service) Third-party location inquiry service, customer's location-based use service, customer's location transmission service, etc.
*For more detailed information, please refer to the full Terms of Service at www.kt.com

Retention Grounds and Retention Period for Documentation Confirming Collection, Use, and Provision of Location Information (Personal Location Information)
In accordance with Article 16, Paragraph 2 of the Act on the Protection and Use of Location Information, the company automatically records data confirming the collection, use, and provision of location information in the location information system, retaining it for 6 months from the date of recording.
In accordance with Article 23 of the same act, the company typically destroys personal location information within 3 months from the date of collection unless it is needed for addressing customer complaints and as long as its use is within the scope of customer consent. However, if other laws, such as the National Tax Basic Act, the Corporate Tax Act, or the Value-Added Tax Act, require the retention, the company will retain the information in accordance with those laws. If individual services have different retention periods, the company will obtain separate consent from the customer, with the retention periods outlined in the table found in the Location-Based Service Terms of Use.
If the customer fully or partially withdraws their consent according to Article 24, Paragraph 4 of the same act, the company will promptly destroy all collected personal location information and the data confirming its collection, use, and provision.
How Personal Location Information Is Collected
The company collects personal location information using mobile phone devices, base station locations, GPS data, Access Points (APs), Internet IP addresses, PRID tags, USIMs, and other location information collection systems (LBS platforms).
Use and Provision of Personal Location Information
When the company provides a customer's personal location information to a third party designated by the customer, it immediately notifies the customer of the recipient, the date and time of provision, and the purpose of provision via text message (SMS) or PUSH notification.

Consent to Collect and Use of Personal Information for Customer Benefits and Delegated Agreement to Receive Promotional Offers

Purpose	Item	Retention period
To deliver personalized and integrated services by analyzing and combining personal information collected across KT telecommunications offerings and other products/services provided by KT. This analysis is conducted for marketing purposes, such as tailored recommendations, information, and notifications regarding benefits and offers from KT and third parties (including KT Group, partners, and affiliates) across various sectors, including telecommunications, finance, education, and commerce. It also includes the introduction of discount programs/products and confirmation of customer intent to subscribe to these offerings. Furthermore, it supports retention campaigns, event notifications, new service development, service improvement, customer segmentation, social network inference based on preferences and lifestyles, and premium customer selection.	Consent to the Collection and Use of Personal, Location, and Credit Information (Mandatory): personal data items, service usage records, application usage data, IP addresses (including domains and URLs), mobile billing service transaction details (such as payment information, usage details, product information, and amounts), Google GAID or Apple IDFA, and any information generated through their combination. Additionally, it encompasses all information collected and utilized through subscriptions to KT services registered under the customer's name (including mobile, internet, landline, TV, add-on services, and KT membership). This also includes all data generated from the combination of the aforementioned information.	During the use of KT services.

I consent to the use of my personal, credit, and location information, which I have agreed to be collected and used, for advertising, promotions, events, and customer management related to KT and third-party products and services.
Additionally, I agree to the delegation of personal information processing tasks to KT's entrusted entities (such as distribution outlets) and the transmission of information and advertisements via electronic communication channels, including phone, mail, SMS, LMS, app push notifications, fax, and smart marketing platforms.

※ If you are listed in records containing information about individuals who disrupt financial order, such as default information or public record information, acceptance of your subscription may be withheld.
※ To provide KT service, we need a minimum amount of personal information, so you must agree in order to use the service.

I have been fully informed of, have read, understand and agree to the above.
